

KEIM

THE LASUR EFFECT - STONE

THE LASUR EFFECT

Product types - Restauro (Brick & Stone), Concretal (Concrete) & Design (Render)

Diluted mineral paint systems designed to look unpainted but blend repairs, imperfections and colour variations

Varying the colours and adjusting the transparency or opacity create a wide range of effects

Following photos are of trials and part completed projects to give you an idea of the capability and versatility of the system, for completed projects please see our online product gallery <http://www.keimpaints.co.uk/gallery/>

THE LASUR EFFECT

Fireplace stone repairs, colour matched and blended to create a natural stone finish which matches the rest of the stonework.

THE LASUR EFFECT

New sections of stonework at Ruyton Manor in Shropshire were clearly very different to the original and were blended using Design Lasur.

THE LASUR EFFECT

At a property in Bethnal Green Road in London repaired window details were blended using Restaurolasur.

THE LASUR EFFECT

Queens Gate
Mews, London -
Restauro Lasur used
in various colours
and opacities to
create a range of
options for blending
in the repaired
sections.

THE LASUR EFFECT

At the Court House in Warwick Lasur effects were created (initially onto sample boards) to mask repairs on the stone cills and details but retain a natural stone effect.

THE LASUR EFFECT
