

I live naturally!

KEIM TISENZA®

TITANIUM DIOXIDE-FREE SOL-SILICATE INTERIOR PAINT
PROVIDING A NATURAL WALL COATING

NATURAL, WARM PAINT FOR YOUR OWN FOUR WALLS

FOR YOUR OWN FOUR WALLS

Who does not wish for that: a homely, natural ambience? One's own home as a space of comfort, which fulfils the demand for aesthetics and a healthy indoor climate at the same time. Materials that are ecologically friendly and protect the environment. The new titanium dioxide-free sol-silicate interior paint KEIM Tisenza makes every room a valuable living space and is a further contribution to KEIM's sustainability. Numerous quality certificates attest to KEIM's commitment to ecological, healthy living products.

NATURALLY PURE

Keim paints are mineral based. The excellent ecological profile of their products ranges from the natural raw material base and resource-saving production to the product composition without the addition of solvents, preservatives and plasticisers, and the longevity of KEIM paints.

CRADLE TO CRADLE CERTIFIED®

KEIM takes responsibility for society and for the environment. The certificate Cradle to Cradle Certified® confirms our commitment and the use of environmentally friendly, healthy and recyclable materials, a climate-friendly and responsible production process and the use of renewable energy.

TIMELESS WITH BEAUTIFUL NATURAL SHADES AND PASTEL COLOURS

For many of us, nature is a source of peace, but also of energy. So, it is understandable that we like to bring natural elements into our home. A wonderful design option that Mother Nature inspires us to create, are wall coatings in cool pastel shades such as stone grey or soft mint green, which the KEIM Tisenza colour range provides. These shades bring lightness and natural harmony into your home. They are enormously versatile and provide a fresh contrast in combining warm and cool shades. Ideal for those who want a „feel-good“ colour, but want to be away from trends.

SIMPLE, HIGH-QUALITY, SUSTAINABLE

The trend to live more sustainably goes hand in hand with a desire for simplicity and naturalness. Quality is determined by valuable materials – in favour of sustainable products. KEIM Tisenza meets this demand for „NATURAL LUXURY“ – both in terms of living atmosphere and ecology.

„KEIM Tisenza gives me a good feeling and confidence to be able to design my rooms in a way that is healthy for the home, trendy and yet timeless beautiful. “

Britta G. from S., end user

**ALL-ROUND SUCCESS**

The natural characteristics of KEIM Tisenza, using highest quality colour pigments and perfectly balanced colour nuances give interiors a very special atmosphere. The colour captures and vividly reflects the light of different times of day. White tones are not bright, but mineral matte and warm. The colour depth and striking luminosity of the pastel shades create a sense of comfort and wellbeing. KEIM Tisenza is also ideally suited for sensitive areas such as children's rooms.

PLAN, PAINT, LIVE – NATURALLY EASY AND SAFE

SOPHISTICATED IN EVERY DETAIL

KEIM Tisenza is a high-end product for architects, planners and decorators to inspire their customers and meet the spirit of the time. KEIM Tisenza fulfils the requirements for simple and fast application in the outstanding quality that KEIM has been known for over 140 years.

SMOOTH AND DEMANDING SURFACES

KEIM Romaniit KSP lime filler is the ideal complement for smooth surfaces. It is titanium dioxide-free, mineral-based, healthy for living and can be used as surface filler on all mineral interior substrates. All other filler products in the KEIM product range are perfectly designed for KEIM Tisenza and easy to apply.
