

1. Product description

KEIM Stone Cleaner-N (Steinreiniger-N) is a neutral, environmentally harmless, biodegradable cleaning concentrate.

2. Field of application

KEIM Stone Cleaner-N (Steinreiniger-N) is a cleaning concentrate adjusted to the requirements of steam pressure washing equipment. Universally suitable for the mild and gentle cleaning of well-adhering dust, fat, oil and soot pollution on natural stone, concrete, brick, terra cotta, clinker, stucco, and masonry facades.

3. Product properties

Material characteristics

- Appearance: Transparent green liquid
- Density: 1.0 (g/cm³)
- pH-value: 7.1 (neutral)

4. Application instructions

Substrate preparation

Treat atmospherically contaminated areas with KEIM Stone Cleaner-N (Steinreinger-N) diluted with clean water 1:10, After a waiting time of at least 1 hour remove the contaminations by water jetting (cold or warm) from bottom to top.

Or: for direct injection and spraying with steam cleaning or pressure washing equipment. Dilute KEIM Stone Cleaner-N (Steinreiniger-N) 1:10 with clean water, add the 1:10 mixture into the Injection/dosing container of the pressure washing equipment. Then clean contaminated areas from bottom to top by water jetting. The cleaned areas

must be washed down from bottom to top then top to bottom with clean water before they are allowed to dry.

Note

Not suitable for the removal of dirty crusts.

Consumption

Site trials necessary.

Cleaning of tools

Clean with water immediately after use.

5. Packaging

10 kg containers

6. Storage

Shelf life is approx. 12 months in a sealed container under cool, but frost-free conditions.

7. Hazardous substances ordinance class

n/a

8. Transport hazard class

n/a

9. Disposal

EC Waste Code No. 07 06 99

Any residues must be emptied out of containers before recycling. Smaller quantities are disposable with the household waste.

10. Safety instructions

Provide appropriate protection for surfaces which are not to be coated (e.g. glass, natural stone, ceramics etc.). Any splashes on surrounding surfaces or traffic areas must be rinsed off immediately with plenty of water. Protect the eyes and skin from splashes. Do not eat, drink or smoke during application. Keep out of reach of children.

The stated values and properties are the result of extensive development work and practical experience. Our recommendations for application, whether given verbally or in writing, are intended to provide assistance in the selection of our products and do not establish a contractual relationship. In particular, they do not release those purchasing and applying our products from the duty of establishing for themselves, with due care, the suitability of our products for the intended application. Standard building industry practices must be complied with. We retain the right to make modifications to improve the products or their application. This edition supersedes all earlier editions.
