

KEIM

# KEIM TWINSTAR®

FIRST 2IN1 EXTERIOR MASONRY PAINT

# KEIM TWINSTAR® – A REVOLUTION IN PAINT

1. Apply the paint to saturation. 2. Pick up more paint material and roll over in straight vertical lines. 3. Finished!

## EFFICIENT APPLICATION

KEIM Twinstar is the new innovative masonry paint with a dual benefit. This 2 in 1 coating allows the application of base and top coat together, wet-on-wet and with no drying time in between.

- Optimal processing
- Safe to use
- Application without dilution
- Universal for all common substrates
- Biocide-free microorganism prevention
- Sol-silicate technology

Easy to paint edges and corners.

**FIRST 2IN1 COATING**

# MAXIMUM EFFICIENCY IN TIMES OF SKILLED WORKER SHORTAGES

## SIMPLY FASTER PAINTING OF EXTERIORS!

You save time due to this revolutionary application method by painting two coats in one work step without any intermediate drying time.

- Accelerated construction process
- Shorter scaffold standing times
- Fewer journeys to construction sites
- Reduced CO<sub>2</sub> emissions
- You cannot be more efficient!

**KEIM Twinstar is the optimal coating for sustainable facade protection. Your partner for top results in the quickest time!**
