

TECHNICAL DATA SHEET

KEIM TEC-FRÄSER

1. PRODUCT DESCRIPTION

Metal plaster cutter (Ø 60 mm).

2. FIELD OF APPLICATION

For milling out the surface in the KEIM TEC board or in finishing plasters (refurbishment of ETICS) to mount the anchor plate in the case of installation flush with the surface.

3. PRODUCT PROPERTIES

- easy to use
- Robust design for long service life
- long-lasting

MATERIAL CHARACTERISTICS:

- Colour shade: grey

4. APPLICATION INSTRUCTIONS

SUBSTRATE PREPARATION:

Drill the hole at right angles to the surface of the anchoring base.
The drill hole must be at least 10 mm deeper than the minimum anchorage depth.
Remove drill dust from the drill hole.

APPLICATION:

Milling into the KEIM TEC board or the existing render layer with the TEC-Fräser, installation of the suitable ETIC-System anchor (screw anchor) with the associated tool.
Anchors that do not grip in the substrate must be removed and anchored in a new drilled hole.

5. DELIVERY FORM

Product name	Plate diameter	Inhalt je VE	Type of container
TEC-Fräser	für 60 mm	1	piece

6. STORAGE

max. storage time	Storage conditions
no maximum storage time	flat-lying in the outer cardboard

7. DISPOSAL

No special notes.
Waste metals

8. SAFETY INSTRUCTIONS

No particular indications.

9. GENERAL INFORMATION

The stated values and properties are the result of extensive development work and practical experience. Our recommendations for application, whether given verbally or in writing, are intended to provide assistance in the selection of our products and do not establish a contractual relationship. In particular, they do not release the purchaser and processor from the obligation to convince themselves of the suitability of our products for the intended application with due care, which is general practice in trade and crafts. The general rules of construction technology must be observed. We reserve the right to make modifications to improve the product or its application. This edition supersedes all earlier editions.
